

CLEAR Glass Cleaner

Description :

The glass cleaner is a ready to use product, but can be diluted for lighter cleaning jobs. Powerful, fast acting formula removes traces of insects and residue. It penetrates the dirt film to provide windows with perfect transparency without leaving any traces of dirt or marks. This powerful formulation penetrates the mist within the car's glass window effectively.

The chemical lubricants release dirt with ease for a fast and professional cleaning. Excellent for removing film left behind from vinyl on new car windows.

Advantages :

- Concentrated products, can be diluted.
- Excellent for removing dandruff, stains, grease and insect marks.
- The glass cleaner has lubricating agents and dries quickly for ease of application.
- Gives a glossy appearance.
- Economical if diluted.

Instructions :

Spray product on glass and let stand for a few seconds letting it work on dissolving the dirt, before wiping it clean with a dry and absorbent cloth, making sure to turn it frequently to avoid leaving marks behind. To guarantee a streak free finish, spray a mist of water to the window and wipe it with a dedicated window wipe or clean micro-fibre cloth.

Dilution ratio:

For a relatively new surface: 2 for 1

For a surface with little dirt: 1 for 1

For very dirty surface or traces of insects: As is

The percentage of dilution may vary from one application to another depending on the type of surface to be cleaned.
